We understand that each user in your household may rely on different types of Apple products – Mum's on her iPhone, Dad's on his MacBook, and the kids love their iPads. We also know how stressful it can be when things don't work smoothly at *just* the wrong moment and *just* when you need it (why does that always happen?).

This is why we want to help you with MacManHome. We'll provide you with total peace of mind that all your annoying and frustrating Apple tech issues are taken care of, for you, by us.

it's a MacMan thing

we truly take pleasure from helping people with their technology

We promise not to baffle you with jargon and make you feel daft for not knowing. We promise to keep things simple, yet professional.

We promise to stay independent, local and small enough to care. We understand our customer service is everything and we want to delight.

We've been established since 2006 and we're not going anywhere...

We strive to provide excellent service. Read our [reviews](#) here 

2006

a Mac-loving man in Brighton cycled to his very first client's home to fix a Mac computer

2009

the MacMan went from one man with a bike to two men with a van

2012

MacMan partnered with an old school friend and opened a second shop in Tunbridge Wells

2016

over 4k iPhone repairs, 3k MacBook repairs, and 23k happy customers later...

now

we're committed to our customers and strive to provide the best service possible, so how can we help?
